

SOFTWARE TESTING

A.E.C. Software Testing LEA.CW

Program viewbook 2021 | 2022

Governments and businesses alike rely on software to operate efficiently, but who makes sure that software is reliable? The quality assurance team, in close collaboration with the development team tests, analyzes and assesses software. The ever-increasing reliability on software has led to a huge increase in the number of software testers across the globe.

MCIT by Numbers

The Montreal College of Information Technology is an institute of higher learning focused on delivering intensive, job-ready IT programs.

Buoyed by the College's state-of-the-art technological capabilities, our faculty of instructors implements industry-relevant curricula through an engaging learning experience that seeks to ensure workforce readiness and resilience.

Since MCIT's foundation in 2006, more than 3,000 of our graduates have been placed into gainful employment.

MCIT Advantages

**Professional
Oriented
Programs**

**Personalized

**Strong Alumni
Network**

Learning Methodology

LEARN

Learn to apply the technical skills demanded by the industry through experiential, project-based learning. Be job ready

ENGAGE

Interact with instructors in small classes and share knowledge through peer-to-peer exchanges Engage with the subject

BENEFIT

Benefit from intensive programs and flexible scheduling Achieve optimal work-study-life balance

CONNECT

Stay connected with our virtual desktop interfaces Learn anywhere and at any time

SAVE TIME

Reduce overall study time thanks to field-experienced instructors

BUILD FUTURE

Stay connected with our virtual desktop interfaces Learn anywhere and at any time

Student Services

CAREER SERVICES

The Career Center Department assists existing students with career-related topics, such as CV writing tips, Cover Letters, Job search strategies, LinkedIn profile review, Building a Network, New Job Opportunities (found on your Omnivox Homepage), Interview Preparation and more

Business Hours:
Weekdays: 10:00AM to 6:00PM

ACADEMIC DEPARTMENT

The Academic Department at MCIT assists students with general queries related to their programs, including course schedules, examinations, and graduation among others. For subjects related to the course schedule, grades, examinations, issues with your class or other general questions:

academics@montrealcollege.ca
514-312-2383 – ext. 3931
Weekdays: 9:00AM to 8:30PM
Weekends: 9:00AM to 4:00PM

IT DEPARTMENT

In order to better assist you, please visit the help center portal at montrealcollege.ca/helpcenter and raise a ticket following the instructions.
Online Chat via Microsoft Teams:
Online Tech Support

Business Hours:
Weekdays: 9:00AM to 4:00PM
Weekends: 9:00AM to 4:00PM

ADMISSION DEPARTMENT

The Admissions Department consists of both Local and International Program Advisors who are available to assist students by answering their questions related to their program.

For enquires related to Letter of Acceptance:
admission.int@montrealcollege.ca
514-312-2383 - ext.1106

For new registrations:
admissions@montrealcollege.ca
514-312-2383 - ext.3924

FINANCE DEPARTMENT

The Finance Department at MCIT assists students with tuition tax receipts, refunds, as well as any payment related issues.

finance@montrealcollege.ca
514-312-2383

If you need academic, admission, IT, finance or career help, We have services to help you .

Why Software Testing?

**Average annual salary
\$75,000 per year**

**\$19.27 billion dollar
software testing market by 2023,**

Software testing is an organizational process within software development in which business-critical software is verified for correctness, quality, and performance. Software testing is used to ensure that expected business systems and product features behave correctly as expected. Software testing may either be a manual or an automated process.

A comprehensive Software Testing program at Montreal College IT

Our Diploma in Software Testing and Quality Assurance introduces you to both aspects of testing, manual and automated which opens career paths in each. The program begins with an introduction to overall testing goals and fundamental strategies in system testing. Later, you shall be learning the most in-demand skill of this field: automated testing. Also, you get to familiarize yourself with fundamentals of Java, the programming language used for creating test scripts, after which you get to apply these concepts using the Selenium web driver API that automates the application.

You shall also be exposed to database manipulations techniques with fundamentals of SQL as these aid in testing practices for data persistence. Towards the end of the course, you are taught to manage test cases using HP ALM, which supports key stakeholders in delivering applications as they progress through life cycles.

Software Testing Industry Trends

According to ASTQB, "Security and Vulnerability testing would be the biggest thing in 2020 and the future. With thousands of attacks happening within a minute, the QA role would be even bigger to make sure to test against such various attacks"

With the latest agile and DevOps processes, faster and quality releases as the underlying motto, most enterprises continue to adopt test automation.

What Technologies Will You Learn?

**Test
Engineer**

**Quality
Analyst**

**Testing
Analyst**

**Automation
Engineer**

**Penetration
Tester**

**Test
Automation
Developer**

**QA
Compliance
Tester**

**Selenium
Tester**

**Mobile
Tester**

**QA Automation/
Manual Tester**

- Maintaining and development of scripts and automated test cases suites using automation frameworks like Selenium.
- Creation and documentation of test strategies, development procedures throughout the software testing lifecycle using bug tracker software like Jira and Application Lifecycle Management tools like HP ALM.
- Practical experience using source code & control systems with first-hand QA Experience within an Agile environment.
- Using SQL queries to support testing activities in a team.
- Solid understanding of OOPs in a programming language (Java).

Hythem

Rehouma

Industry Expert

Hythem is a full-stack mobile developer who works on native mobile (Android and iOS) and cross-platform (PhoneGap/Ionic/ReactNative/Angular) apps for both business and consumer customers. Example of his apps included location-based services and sensors. He is teaching programming for Software Testing at Montreal College of Information Technology.

Before You Apply

Meet Program Specific Pre-Requisite for Software Testing Program

PROGRAM	LANGUAGE SKILLS	ACADEMIC REQUIREMENTS	RELEVANT FIELD OF STUDY
Software Testing	IELTS: Minimum 6 bands in all modules or Minimum 6.5 bands in overall score with no less than 5.5 band in maximum 1 module. or Equivelant score in TOEFL or PTE or Use pathway method or Doulingo with minimum 95 score.	Post-Secondary i.e.10+2, with Mathematics and minimum 60%; OR Diploma or Bachelor in relevant field,with no more than 8 backlogs OR Diploma or Bachelor in relevant field, with minimum 60% in their academic score	Information Technology, Mathematics, Programming

This is an entry-level course/program, but it assumes that students have the following:

- Secondary V / High School Diploma.
- Good knowledge Microsoft Office Applications (Word, Excel, PowerPoint Presentation).
- Completed post-secondary studies (in Business Management or Social Science or Information Technology) or have a CEGEP Diploma or have 1 year of relevant experience.

Follow These Steps To Get Into Your MCIT Program!

1 RESEARCH PROGRAMS

Ask our Representative, browse our website, explore our programs, give us a call or send us an email. We'd love to hear from you! Discover our programs: montrealcollege.ca/diplomas/

2 APPLY TO MCIT

You can apply for admission : [Click here for Application Form](#)
Each program has different admission requirements, outlined in course outlines and on our website.

3 RECEIVE YOUR OFFER

Congratulations! You're in! If you have been accepted, you will receive an email from MCIT's Admission Office.

4 PAY YOUR TUITION

With a variety of financial assistance options to consider, we're here to guide you through the process and help you access the resources that you need. To read more: montrealcollege.ca/pay-my-tuition/

5 GET CAQ/STUDY PERMIT

Once you receive your LOA, you can apply for CAQ then visa and study permit which it usually takes 6 to 12 weeks. Please consult an immigration professional if needed .

6 REGISTER FOR CLASSES

Attend registration & update your registration documents.

7 ATTEND ORIENTATION

Come to orientation to meet other students, learn about college services, talk to your instructors and get to know your campus.

8 GET CONNECTED

Join our Social Network (Facebook, Twitter, YouTube and more), get involved in campus clubs, student association events and take part in intramural sports .

NEEDED DOCUMENTS FOR ADMISSION

A person is residing outside Canada and not having a right of residence in the territory of Canada or foreigner who is already authorized to be present on the territory of Canada for a limited period (holder of a residence permit for studies, temporary worker, visitor, refugee claimant, etc.).

A photocopy(es) of:

The payment authorization form (CAD \$250 registration fees - non-refundable)

The transcripts of the highest level of education

The current Resume/CV

The birth certificate

Two pieces of photo IDs

The passport pages showing passport number, the dates of issue and expiry, name, picture and date of birth

The TOEFL/IELTS/PTE score sheet(issued within the last two years) or other proof of language proficiency (if applicable)

A valid Certificat d'Acceptation du Québec (if applicable)

A valid student permit (if applicable)

The valid certificat de sélection du Québec (if applicable)

The valid insurance policy showing student's name and period of coverage (if applicable)

The refugee protection claimant document (if applicable)

The receipt (tuition fees and other payments)

Life In Montreal

Currently recognized as the world's best city for international students*, cosmopolitan Montreal offers a vibrant, culturally rich blend of North American pragmatism and European joie-de-vivre.

An international leader in such industries as aeronautics, artificial intelligence, information technology, life sciences and interactive entertainment, Montreal is often referred to as the Silicon Valley of the North.

Whatever the season, Montreal always pulses with activity. The city is renowned for its wide array of events, exhibitions and festivals, all bolstered by a thriving food scene.

MCIT's campus is located in the middle of the action, at the very center of Montreal's downtown core.
