# **NETWORKING AND TECHNICAL** SUPPORT (LEA.CL)

**Duration** | 12 Months (International Students) Salary | Average annual salary is \$69,000 in Canada

Ministère de l'Éducation et de l'Enseignement supérieur Permit No. 693570

Designated learning institute(DLI) 019338447682

### **Program Overview**

Network administration involves a wide array of operational tasks that help an organization's networks run smoothly and efficiently. And a network administrator carries out these tasks along with ensuring security of the communication systems.

This program empowers you with the right skills of system administration using Microsoft Windows Server 2012, maintaining & troubleshooting cloud services in Linux. You shall also learn different techniques of setting up a Cisco networking devices and cybersecurity fundamentals along with execution & deployment of VMWare based instance. Furthermore, you shall be exposed to cloud fundamentals in Amazon Web Services (AWS) and automation of tasks, Ansible playbooks. Lastly, your learnings are solidified with a capstone project.

#### Course Outline

- 1 | System Administration Part I
  - ☑ Microsoft Windows Server 2012
  - ☑ Design & implement network services & roles
  - ☑ Maintain & troubleshoot network services & roles
- 2 | System Administration Part II
  - ☑ Maintain & troubleshoot network & cloud services on Linux
  - ☑ Application of Linux knowledge in Data centers, computers
- 3 | Setup a Network with Cisco Networking Devices
  - ☑ Routing & Switching
  - ☑ Security features
  - ☑ Data Center
- 4 | Fundamentals of Network Security
  - service interruptions
  - ☐ Cryptography & modern networks
- 5 | Data Center Virtualization
  - ☑ Execute, deploy & manage VMWare based environment
- 6 Introduction to Cloud Computing
  - Amazon Web Services (AWS) IAM, EC2, Networking, S3. RDS
  - ☑ Implementing a sample solution on AWS
- 7 | Advanced Topics in Networking
  - $oxed{\square}$  Write Ansible playbooks to automate tasks
  - ☑ Automation of common Linux system administration tasks
- 8 | Career Development
  - ☑ Building Resume, CV & LinkedIn profiles
  - ☑ Cover letters & interview preparation skills
  - ☑ Understanding Canadian job market
